

# REFURBISH & REMOUNT

Custom Truck & Body Works can **REFURBISH OR REMOUNT** your older emergency vehicle to a completely **LIKE NEW** condition.

Each remount can be tailored to meet your Department needs with these following standards:

- Upgrade to Heavier Duty & New Model Chassis
- Complete Testing Overhaul or Electrical System
- Upgrade Emergency Lighting System
- Replace Flooring, Upholstery & Laminate
- Repair Body Damage
- Completely Repaint Unit
- Modular Body Transfers

These are few options available that can be done to your vehicle. Please don't hesitate to ask for additional information on our complete refurbishment programs.
